Mike Bullock Construction
1197 Truitt Road
Beaverdam, Virginia 23015

Dear Mike:

Just wanted to let you know how much we like our home that you built for us in 1998.

In our opinions, we could not have found a contractor, or someone to build our home and be as easy to work with as you were.

The quality of the construction is outstanding and something you read about in a book, and not something you experience first hand.

If you ever need a reference, we would be honored if you would use our name.

Sincerely,
Don and Phyllis Wilson
